

Geepas Professional Digital 1.5L Cappuccino Maker 850W 20 Bar Pressure 2 Cups Dual Filter with Detachable Tank Touch Panel Overheat & Over Pressure Safe 2 Years Warranty, Silver & Black Color

PRODUCT INFORMATION

TWO CUP ESPRESSO COFFEE MACHINE - The Geepas Espresso Machine can make one or two espresso shots at a time. It's ideal for those who want to recreate the barista coffee experience at home.

1.5L CAPACITY WATER TANK, MILK FROTHER - The tank on this barista coffee machine can be removed and taken to the tap for easy filling. It holds 1.5L so you have plenty for steaming & warming up the coffee maker for the perfect espresso. Whether you fancy an espresso cappuccino latte or flat white, the milk frothier allows you to create that delicious drink in no time. The steam pressure control lets you create your froth exactly how you like it. Add ice to create your favorite iced coffees too!

FEATURES – This high precision machine has adjustable manual settings and an array of accessories with 20 Bar pump pressure to help you achieve the perfect cup. There are single and double-shot filter options, a steam nozzle for indulgently frothy cappuccinos and a rapid-heating aluminum boiler; you'll never have to wait long for your morning coffee. Coffee tamper helps you seal the coffee before brewing for maximum flavor extraction.

STYLISHLY SIMPLISTIC AND FUNCTIONAL - The Scandinavian inspired Nordic Espresso maker in a sleek slate grey with stainless steel and wood accents, looks great in any home. Its minimalist look fits perfectly into any kitchen.

ACCESSORIES, 2 YEAR WARRANTY INCLUDED - Its powerful 20-bar pressure pump gets the very best flavor and aroma from your ground beans, without any bitter aftertaste. Accessories include a coffee tamper that compacts and seals the coffee in the filter for maximum flavor, and a measuring spoon to ensure you get the precise amount in every cup.
